

ENDING LOCKDOWN

RESUMING LESSONS

A few guidelines for the safe return of driving lessons

IF YOU SHOW SYMPTOMS

If you or anyone in your household are showing any of the symptoms of the virus you must immediately notify your instructor and follow government advice and cancel any lessons for the next two weeks.

HEALTH & SAFETY

Students may choose to wear their own PPE, such as gloves and facemasks. Any PPE must be provided by the student and must not obscure their view of the road or ability to use the controls of the car.

CAR CLEANING

Additional car cleaning will be required between lessons. Please do not touch any surfaces or controls in the car unless it is necessary.

HAND SANITISER

Please wash your hands thoroughly before and after each of your driving lessons. You may also be asked to use hand sanitiser if this is available or you can bring your own if you have it.

Basingstoke Driving Schools will follow every possible precaution to ensure health and safety guidelines are followed. All government advice will be followed and lessons may be subject to change depending on the current threat level.
